It has been a banner year for Minden Figure Skating Club. The five club members shown attended the Western Ontario sectional winter invitational competition over the weekend in Sarnia competing against skaters from throughout Ontario and the northern United States. From the left, Dianne Garbutt, Janna Obee, Tammy Pritchard, Sara-Lee Henderson, Jenni Gentle and Lisa Carr. For more pictures and story, please turn to page seven.

Fearrey seeks PC nomination

A second Haliburton county resident has announced his intention to seek the Progressive Conservative Party's nomination as candidate in the next provincial election. Dysart Reeve Murray Fearrey announced his intention to seek the party's favour in a press release issued Monday morning.

Minden resident Larry McKnight announced sometime last fall that he was interested in carrying the PC banner into the next provincial vote.

Fearrey, who has served for ten years as Dysart's Reeve noted in his press release, "I believe my business experience, coupled with my knowledge of municipal government and its direct people concerns, allows me a specific insight into the requirements of the riding and the manner in which they can be dealt with."

In addition to his ten

years as reeve, Fearrey has served for two years as deputy reeve and two years as councillor in Dysart. He noted that the municipality has "experienced unparalleled growth" during his time on council.

The PC hopeful is a co-owner of Haliburton Lumber and Enterprises Limited in Haliburton Village.

Mr. Fearrey said the recent change in leadership of the provincial Conservative party had been a factor in his decision to seek his party's nomination. He commented, "...as a municipal reeve and county warden I have enjoyed a long and active relationship with the Honourable Frank Miller, and I think it is of value that he represents our neighbouring riding as well as the Province of Ontario."

The press release pointed out that Fearrey has extensive municipal
(more on page 3)

Objections raised to road sale

A resident of Blairhampton has objected to a proposal by the municipality of Anson, Hindon and Minden to close up and convey half the original allowance for road to an adjoining property owner on Soyers Lake. Alex Little outlined his objections to the proposal at the March 14 meeting of Council.

He was commenting on an open letter to Council published in the March 6 edition of The Times. The letter was written by Brian Van Koughnet in response to the proposal by the municipality to convey half the road allowance to Edward

Cotton in an effort to resolve a zoning problem.

Mr. Little reminded Council that a petition bearing the names of 60 residents of the Blairhampton and Soyers Lake area had been presented to Council in the spring of 1984 requesting that the road allowance remain open and at that time the delegation had received a verbal promise from council that the concession would not be closed up.

"When objections are raised by people in the immediate area, the council has no right to close the allowance," he said, adding "It is the only one left on the

lake."

Little emphasized that the residents of the area wanted the entire 66 feet of the allowance left open. "We want 66 feet, not one foot less," he said, adding that a 33 foot public area on the waterfront would be too limited a space for public use and that "People will end up swimming on private property and this will cause problems."

Little also criticized the sale of the property adjoining the road allowance by the municipality to a private realtor.

The municipality acquired the property under a

subdivision agreement with the developer Fred Ross.

Little said that in his opinion the lot was one of the best lots in the subdivision, adding "Fred Ross chose the property to give to the municipality because it was adjacent to the road allowance," and would create a larger single area that would be suitable for parkland.

Acting Reeve Ed Pergolas responded, "The municipality was not obligated to make it a park. We just got the property."

Councillor Gary Kenney

Two teams race for hockey finals

There is a very strong possibility that Haliburton County will have two hockey teams playing in the All-Ontario Championships.

Last night, March 19, the Haliburton Bantams completed a three game sweep of their semi-final series against Ennismore winning 7-6 in Haliburton.

On Saturday the Minden Juveniles could sew up their semi-finals in Godfrey.

The Juveniles lead the series two games to none.

For a report on the Minden Juveniles see page 9. The Haliburton Bantam's story appears on page 8.

New group will promote Highway 35

There is a new organization in Haliburton county dedicated to the cause of promoting tourism.

The Scenic Highway 35 Association was formed in January and to date has attracted over thirty members.

The group represents businesses along Highway 35 corridor from the junction of Highway 121 north to the Dorset tower.

According to the president Fred Chapple, the organization was formed after a small group of businessmen "felt it would make sense to form an association to enhance

business and promote tourism in this area."

Chapple, owner of the Four Seasons Store in Carnarvon, said "The response in the last few months has been terrific. There has been no problem getting people to serve on the various committees that we have set up." These include planning and development, public relations and media, and special events and attractions.

"We have the basic framework established" he said, adding "We want to make sure we are organized before we do anything.

Association President, Fred Chapple.

Right now we are looking for things to happen by the fall of '85 and from then on." "Our main purpose is to promote tourism on a year round basis. Everything is geared to the tourist operator but the spinoff effect is just as important," he said.

"The spinoff will help other businesses such as service stations, grocery stores and contractors."

"We are hoping to get a major resort established in this core, but basically we will do anything we can to help businesses and employment in this area."

"For instance, we can help

provide data on government regulations and grants to businesses. We will also be computerizing data offering information on the types of accommodations available and the various tradesmen in the region. Group advertising and purchasing is another possibility."

Chapple noted that the Township of Stanhope will be establishing an information booth this summer at the junction of Highways 118 and 35 and that the association will have information brochures available in the booth. The

Minden sets equipment hiring policy

The Municipality of Anson, Hindon and Minden has adopted a policy governing the hiring of equipment by the Public Works Department. The policy was approved and passed at the regular meeting of council on Thursday, March 14.

The following guidelines will be used by the municipality in hiring equipment.

1. Each spring a call for tenders to be made requesting details of all

equipment (other than trucks) available for hire by the Townships of Anson, Hindon and Minden for that year along with an hourly rate including operator. Appropriate forms will be available in the Municipal offices.

2. Trucks will be asked to be registered at the Municipal office. No rate per truck will be requested as a common rate will apply as decided by the Townships of Anson, Hindon and Minden for each year. The intention of this policy is

that only one truck per owner will be hired per job unless no other adequate trucks are available.

3. As work is available for equipment other than trucks, it will be awarded on the basis of lowest rate from available equipment that meet (s) the specifications of the job.

4. Trucking will be offered to those on file first alphabetically and thereafter in rotation according to job equipment require-

ments and gross earnings so that it is distributed as fairly as possible.

5. Records will be kept and monitored continuously so that trucking is distributed as fairly as possible. It will be the intention of this policy to offer work to the contractor (with the appropriate truck) with the least income received to that point in time. Job duration shall be determined by the Roads Superintendent in accord-

ance with available work.

6. If any work entails 8 hours of hire or more all equipment shall be 'floated' at the contractor's expense. Otherwise the 'floating' cost shall be negotiated by the Roads Superintendent prior to any hiring.

7. The Roads Superintendent shall have authority to dismiss a piece of equipment and driver including trucks if performance and work is not being completed to the expectat-

ions of the Superintendent.

8. No equipment will be hired if the owner does not comply with application requirements (i.e. insurance, W.C.B. coverage etc.).

9. The Municipality will endeavour to give an owner 48 hours notice of any job. An owner must give the Municipality a minimum of 24 hours notice if he is unable to fulfil a job commitment, in order to maintain current standing on the trucking list.

Scenic Highway 35

(from page 1)

president emphasised that the association will not be competing with the Haliburton Highlands Chamber of Commerce noting that the manager of the Chamber, Emily Skinner, has attended a meeting of the association and offered the support of that organization.

"We are not at cross purposes with the Chamber" he said, adding, "The Chamber promotes a much larger area. We will be serving a different purpose. In fact, if we can help, because we can take pressure off the Chamber."

Aside from the promotion of tourism along the Highway 35 corridor, Chapple believes that by joining together in an organization, people can be

more effective in making their concerns known regarding issues such as acid rain and the improvement of fish stock in area lakes. "We can be a voice for this area. We will be much more effective as a group," he said.

Membership in the Scenic Highway 35 Association is open to any business within the defined highway corridor on or adjacent side roads. Promotional activity will cover the Highway 35 corridor from highway 121 north to the Dorset Tower including all businesses that have access to that stretch of highway. Businesses outside that area can join as non-voting members.

General membership meetings are being held monthly. The group has established a mailing address at Box 849 Minden.

Extra police called in stand-off

Police reinforcements were called in last Tuesday night to assist local OPP officers in ending a stand-off between an armed man and the authorities in Stanhope Township.

The incident began at 10 p.m. Tuesday night (March 12) when the police were called to a residence on the Norley Road off Highway 118. The woman placing the call, said she had been chased from the house by her common-law husband who was armed. The man remained in the home with three children.

The area was sealed off as police surrounded the home. A number of shots was fired by the man during the night. The local police received the assistance of officers from the Peterborough district headquarters.

After talking with the man for some time using a loudhailer, the police were able to convince the man to give himself up. He emerged from the house at approximately 5 a.m.

The man, 25 year old Larry David Porter has been charged with possession of a weapon dangerous to the public peace. Police seized four firearms and numerous rounds of ammunition after the man surrendered.

Porter is being held in

custody in Lindsay and is scheduled to appear in court in that city on March 21.

Sentenced

Jail terms of three months were handed down to two

Haliburton men after they were found guilty of breaking into the Rails' End Gallery in Haliburton last July.

The pair, 20 year old Jack McPhail and 18 year old

Harold Rowbotham were charged after a quantity of silver jewellery was removed from the gallery.

In addition to the jail term, the pair were placed on two years probation.

Fred Cox removes the hardwood flooring from St. Paul's Anglican Church hall which is being demolished to make way for a new building. Construction is slated to begin this spring.

Crofts hearing begins today

The man who held police at bay for 29 hours will appear in court in Lindsay today (Wednesday) to begin what is expected to be a three day preliminary hearing. The man was charged after two police officers from the North Bay OPP tactical unit were injured by gunfire.

The man had sealed himself in a house in Haliburton Village near the hospital at noon on August 8. Two officers had visited the home after receiving a complaint. The man threatened the two officers, who then called for assistance. The police surrounded the residence, attempting to force the man from the home by lobbing tear gas canisters into the building. When this tactic failed, the police remained in position all night.

Early next morning, it is believed an attempt was made to enter the home. It was at that point that a series of shots was exchanged between the officers and the man resulting in the two officers being wounded.

Fearrey seeks nomination

(from page 1)

experience, during which time he has been in contact with a variety of provincial ministries, contacts, which he claimed, led to "successful results for his township and the County of Haliburton."

In addition to the two hopefuls from Haliburton County, former PC provincial election candi-

date Dave Murray of Victoria Township has thrown his hat in the ring again. As well, Don McCumber, the Reeve of Emily Township has also announced his intention to seek the candidacy. There are also reports that several more candidates may be jumping into the fray, which should make the association's convention a lively affair.

Fearrey concluded his announcement by stating "The multiple interests within this riding require a special recognition and effort. With my ability and the assistance of the people, a Progressive Conservative candidate can be returned in the next provincial election."

The seat is currently held by John Eakins, a Liberal. He has been nominated by his party to seek another term in office.

The Victoria-Haliburton Provincial Progressive Conservative Association will hold its nominating convention March 30 at the I.E. Weldon Secondary School in Lindsay.

Right of way

(from page 1)

noted that the land was designated as open space but that "It was never intended to be integral with the subdivision. It was simply dedicated to the municipality". Kenney raised the possibility of deeding the allowance to an association of area residents with the stipulation that the allowance remain open forever. This would ensure that the

allowance would not be closed up by the municipality in the future, he said.

Pergolas emphasised that the closure and conveyance of half the road allowance was at present only a proposal and that no final decisions have been made.

He assured Mr. Little that the municipal solicitor would be notified of his concerns and that he would be kept informed of any further development.

editorial

Save the access

Alex Little is right. The municipal council of Anson, Hindon and Minden should not be giving away any portion of a 66 foot road allowance which provides access to the west shore of Soyers Lake. That lake in particular is deficient in access points and while the one in question is not a prime location, it should not be frittered away by a council which has backed itself into a tight corner.

This public access point should not be lost or reduced in size because the council made a number of errors in the past and then refused to ensure its own building and zoning bylaws were being adhered to.

No shortage of contenders

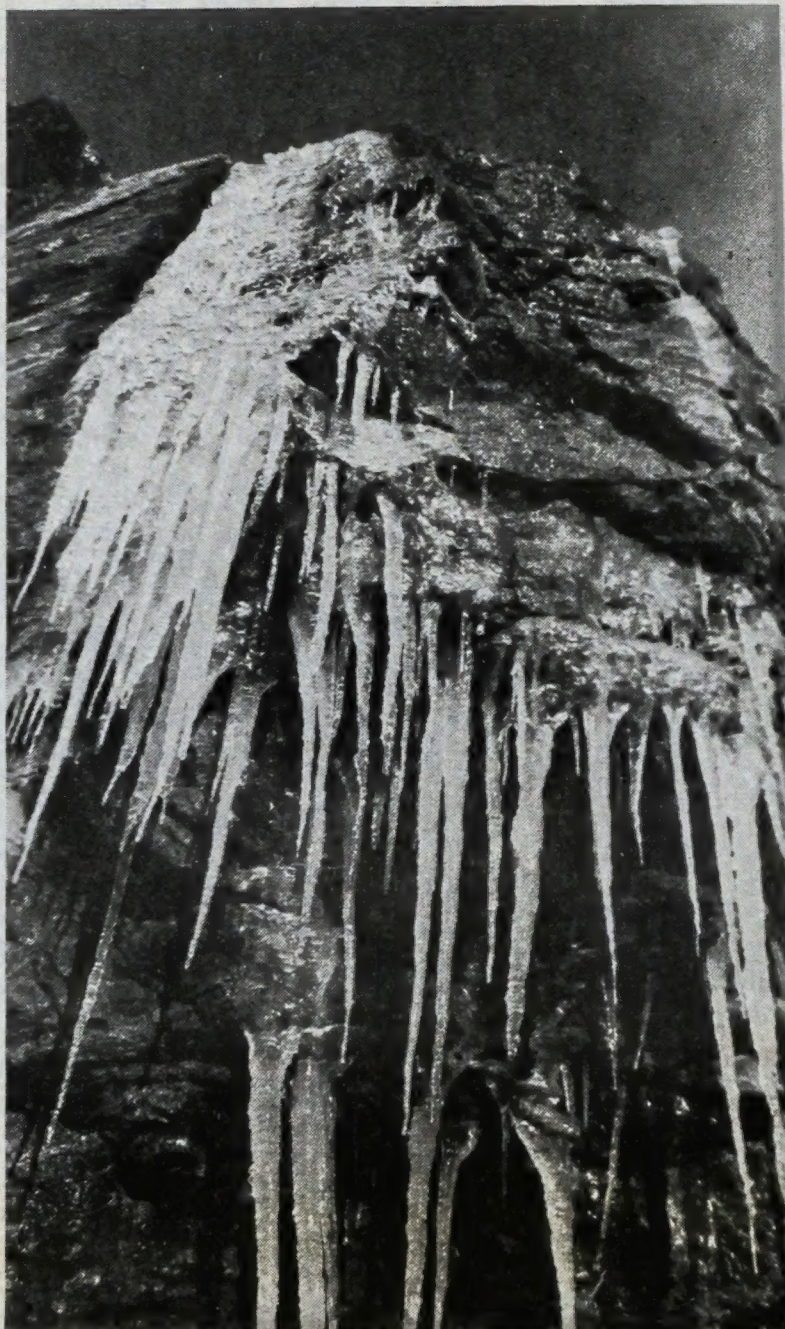

It never rains but it pours for the Victoria-Haliburton Provincial Progressive Conservative Association. Everywhere one turns these days new contenders for the party's candidacy in the upcoming election keep popping up.

In addition to the four who have already declared their desire to represent the PC's locally, there are rumoured to be several others thinking of joining in the fray.

It is an embarrassment of riches in a world where some political parties must struggle to find even one person to carry their banner.

While attention, momentarily, will be focussed on the Tory nominating convention, the real test of the Conservative interest and strength in the riding will come when the candidate they select faces the popular incumbent Liberal, John Eakins.

The manoeuvring of the Conservatives and the eventual election should provide an interesting spectacle for those who say local politics is dull.

Rock cut crystals

University support lacking

- by John Eakins, MPP -

Two government appointed commissions have come up with the same assessment of the university system. Both the Fisher Committee on the Future Role of Universities in Ontario (1981) and the Bovey Commission on the Future Development of the Universities of Ontario (1984) found, as fact, that levels of provincial support were entirely inadequate, and that provision of quality university education for all qualified students was becoming impossible.

The vital importance of the university sector was recognized by the Conservative government in Ottawa, when it recently announced its intention to increase federal support to universities by 7.47 per cent this year.

It is a little known, and less understood, fact that the federal government provides the lion's share of funding for provincial university education. The funding comes through the Established Programs Financing (EPF) provisions which apply to provincial health and post-secondary education expenditures. As

well, the Government of Canada almost exclusively supports university research and development through the National Science and Engineering Research Council (NSERC), and provides very significant student support through the Canada Student Loan Plan.

Until 1977, federal funds went directly to universities. In 1977, a new arrangement was negotiated with the provinces, and a new formula devised. However, the funds from Ottawa were no longer "earmarked", but were simply to be paid over

to the provincial treasury. It was assumed that the province would continue to allocate these federal funds in the same proportions they had in the past.

In 1977, the federal payments accounted for approximately 75 per cent of university operating expenditures. Since 1977, the federal share has increased to over 90 per cent and the provincial contribution to university expenditures has eroded to less than 10 per

Editor:

How fortunate we are to live in Minden in the County of Haliburton.

Lyle and I are just overwhelmed by the concern shown since his stroke. The prayers, cards, flowers, etc. are just such a boost to his spirits, and he just keeps saying with all this help

can make it.

He certainly is improving although he has to learn to walk again, and his left arm will not yet do what he wants, he feels he's in "pretty good shape".

So, thank you friends, we really appreciate your concern and help.

Lyle & Linda McKnight,
Minden.

The sap is running

Though the woods may be still deep in snow, the sunny days of March bring once again the ritual that heralds spring - the boiling down of maple syrup. Across the province, about 2,000 producers will be headed to the sugar bush, each engaging in a tradition that pays handsomely in personal satisfaction, if poorly in dollars per hour. By the time the three-week season is over, their labours will have produced over 250,000 gallons of the sweet brown liquid known as maple syrup.

The making of maple syrup, and of its by-product maple sugar, is a North American tradition. The Philosophical Transactions of the Royal Society of London reported in 1864 that "the savages of Canada ... have practiced this art longer than any now living among them remember." The Indians used a hollow stem of sumac or elder for a spout to collect the sap from the trunk of a maple. But while these have been replaced by metal spiles and

outdoors

Federation of Ontario Naturalists

sophisticated plastic tubing to collect the sap, the basics are still the same. It still takes 32 gallons of sap to boil down to one gallon of syrup. And it still takes the crisp nights and warm days of late March to start the run of sap each year.

The sugar in maple sap is actually the result of the previous year's photosynthesis, which stores sugar produced by the green leaves in all parts of the tree. During the winter, this stored energy is actually in the form of starch, but the alternate freezing and thawing of early spring transforms it to soluble sugar, ready to fuel the bursting buds. The same rising temperatures thaw the water contained in the wood cells, and help it to circulate throughout the tree - up through the sapwood, and back down the inner bark. Just how this pumping system operates, to move sap from deep in the roots to perhaps 120 feet in the air, is not exactly understood.

Occasionally, syrup is also made from red or silver maples, or even from butter-nut trees, but it is the majestic sugar maple that forms the mainstay of the maple syrup industry. In many Ontario communities, local conservation agencies or individual producers welcome visitors to their operations. For a taste of spring, such a visit is hard to beat.

Maple trees suffering from die back but link to acid rain is inconclusive

by Michael Shirley

The warm days and cool nights of the past few weeks are a sign that spring is here and with spring, the maple syrup season.

While there is no reason to believe that there will not be a bountiful harvest this year, there is growing concern that a condition known as maple dieback could have a serious effect on future maple production and the finger of blame is being pointed directly at acid rain.

Dieback is a symptom of stress which can affect both hardwoods and softwoods. The symptoms include lowered vigor, reduced growth, dying back of twigs and branches and, in many instances, eventual death of the tree.

Widespread dieback occurred in the 1930's and 1940's in eastern Canada and Maine among yellow and white birch. Red spruce dieback has also occurred in the United States and in Europe. European beech and Norway spruce have been affected.

No one factor has definitely been shown to cause dieback. It is believed that climatic changes can have an effect as well as insects and possibly a virus or fungus.

In the spring of 1984, maple syrup producers in the Huntsville and Parry Sound area petitioned the Ontario government to determine if acid rain was causing dieback in their maple sugar lots. The Ministry of the Environment became involved because of the possible link with air pollution and in June of 1984, a study was begun to determine the cause of the maple dieback.

Further complaints were received from areas throughout south eastern Ontario and to determine the extent of the problem, regional directors of the Ministry of Natural Resources were contacted for more information.

The Minden District office of the MNR reported that there has been higher than normal incidence of hardwood dieback in the district since 1977. Trees affected included red oak, sugar maple, beech, white ash and other hardwood species.

As noted in the report dieback occurred after the tent caterpillar defoliations of 1975-77 and the drought of 1983.

The report also notes that the renewed incidence of dieback which occurred in sugar maple and beech following the drought of 1983 also occurred on some sites with wetter than average soil conditions.

Changes in the temperature, moisture and acidity of soil have a detrimental effect on root systems which in turn, affects foliage. Studies in New Brunswick have shown that an increase in soil temperature of 3.6 degrees Fahrenheit caused extensive damage to root systems of yellow birch.

However, an increase of ten degrees F over a period of one year near Chalk River, Ontario had little effect on the health of yellow birch in the area.

Many factors

The studies underline the fact that dieback is a

complex phenomenon which may be caused by a range of factors. The question yet to be resolved is what role does acid rain play in hardwood dieback?

In commenting on the studies being conducted by the Ministry of the Environment on Maple dieback the Forestry Manager of the Minden District of the MNR, Peter Hynard, pointed out, "There is no direct evidence that acid rain is a factor in maple dieback, but I have to add they are just starting the study."

Hynard explained that the natural, unadulterated rain that had been falling on the Haliburton Highlands since the glacial period had a pH value of 5.5 because of the carbonic acid content and the result has been the gradual acidification of the surface soil.

The pH value of soil in this area varies from 5.2 to 7.2 which is ideal for most species of trees. He noted that sugar maple can be found in soils ranging from strongly acid (pH 3.7) to slightly alkaline (pH 7.3).

Because sugar maples can thrive on strongly acidic soil, it is difficult to assess the impact of acid rain, but as Hynard pointed out, "You can't change the rainfall as much as we have and not expect any effects but as to how long it will take to cause damage and how serious it will be, I don't know."

"At the present time we do not have a significant enough incidence of dieback in our district to cause us concern or to alter our management techniques but who knows about the future."

Acid rain program announced

- by Bill Scott, MP -

Two very useful programs were instituted in the past week which I want to briefly describe to you.

On March 6 the Minister of Environment announced a comprehensive program designed to reduce emissions in order to combat our acid rain problem. Sulphur oxides, given off by coal-fired power stations and non-ferrous ore smelters and nitrogen oxide, given off by vehicles, cause acid rain. The fishery, tourism, agriculture and forestry resources at risk sustain about 8% of Canada's Gross National Product. The key points in the federal program are:

1) Reduction of the acid fallout to no more than 20 kg/ha/yr of net sulphate. To do this emissions of sulphur dioxide will be reduced to no more than 2.3 million tonnes east of the Saskatchewan/Manitoba border by 1994.

2) Tougher emission

standards for cars and light duty trucks will come into effect on September 1, 1987 for the 1988 model year. The standards will have the effect of reducing nitrogen oxide emissions from new cars, which contribute to the acid rain problem, by 45 per cent. Current standards of 3.1 grams per mile drive for nitrogen oxides, 2.0 grams per mile driven for hydrocarbons, and 25.0 grams per mile driven for carbon monoxide will be reduced to levels of 1.0 grams per mile driven, 0.4 grams per mile driven and 3.4 grams per mile driven respectively. These standards are as tough as those in any other industrialized nation.

3) The federal government will negotiate financial assistance to the smelting industry for modernization including pollution control in accordance with the scheduled emission reductions program. The federal

government will contribute up to \$150 million as its share of the costs. The clean-up program is a shared responsibility between the smelting industry and the federal and provincial governments. Negotiations with the provinces and the companies will start shortly. \$25 million federal government assistance has been earmarked for the development of improved smelting technologies. We are continuing our support of technology development for the cleaner and more efficient use of coal for power generation. Over \$70 million has been budgeted.

4) The creation of an Acid Rain office will ensure the coordination and cooperation necessary to make this program work.

5) The Parliamentary Subcommittee on Acid Rain will be re-established to audit the performance of governments and industry.

Canada is the first country to officially adopt a specific environmental objective designed to significantly reduce acid rain levels.

On March 8, the Hon. John Wise, Minister of Agriculture, announced a new lending program by the Farm Credit Corporation (FCC).

The new Shared Risk Mortgages represent an alternative to FCC's traditional types of loans. They will offer borrowers some protection against fluctuating interest rates. Their unique feature is that during the six year term of

the loan, annual interest rate increases and decreases are shared by the borrower and the Corporation. To shield the borrowers from large interest rate increases, a two and a half per cent increase ceiling is built into the mortgage. If rates climb two per cent in the first year, the borrower's interest rate will be adjusted upward by one per cent on the first anniversary of the loan. If rates drop two per cent, the borrower's rate will be reduced by one per cent.

Borrowers can choose between variable payment or fixed payment options. With a fixed payment option, installments remain constant throughout the six year term and any overpayment or underpayment of principal is reflected in an

annual adjustment to the principal outstanding. The borrower has the additional option to convert the Shared Risk Mortgage to another Farm Credit Act mortgage or to repay the loan on any anniversary date, without penalty.

The interest rate for these loans will normally be less than the five year rate charged by the Corporation. Eligibility criteria will be the same as for other loans made under the Farm Credit Act.

John Eakins

(from page 4)

cent of operating expenses in 1984 - 85. During the years of Liberal government in Ottawa, the provincial Conservatives complained bitterly about EPF levels, particularly during the period of 6 and 5 restraint. Now, the Conservative federal government has seen the necessity of restoring support to the university sector, only to find their provincial counterparts are committed to cheating universities of their fair - and desperately needed - share.

The Minister of Colleges

and Universities recently announced that university operating grants will amount to \$1 billion 244.0 million for 1985 - 86. But of that sum, the contribution from the provincial government, amounts to a scant \$78 million. That is only \$9 a year for every person in Ontario, although the Ontario government spends nearly \$12 per person per year on government advertising and Sunco debt payments alone.

There is no longer any doubt the system is in jeopardy.

The Provincial Victoria - Haliburton
Progressive Conservative Association
announces their

NOMINATION CONVENTION

to be held in
I.E. Weldon Secondary School, Lindsay
at 1:00 p.m. on
Saturday, March 30, 1985

(Registration commences at 11:00 a.m.)

The purpose of this meeting is to elect a candidate to represent the Provincial Victoria - Haliburton Riding in the next Provincial Election.

NOTICE

To be a voting Delegate, you must be selected by your Poll Captain. You must reside within the boundary of the Poll you represent, on or before Tuesday, March 26, 1985. There will be a registration fee of \$2.00.

All persons welcome. Refreshments available.

from the chamber

If you attend the Sportsmen's Show in Toronto this week, be sure to visit our booth. Our location is aisle W 14-16. We are well represented with a colourful happy booth.

The Rails' End Quilters have produced yet another beautiful quilt for display and many resort owners have sent their brochures to entice new visitors. Lorna Hicks is manning the booth and she reports we had an excellent opening. Our directories are being "consumed" by interested parties.

The Sportsmen's Show is the widest exposure our county receives throughout the year. If interest generated at the opening weekend is any indication we should look forward to a busy summer season.

New staff

If you have called the Chamber office lately and wondered who belonged to the new voice, it's Julie Hartin. Julie will be happy to try to answer any questions and help any way possible. Don't hesitate to call anytime.

Syrup

March 30 is maple syrup

day at Dorset's Leslie Frost Centre. One of the most popular questions we are asked by visitors to the Chamber office is "where can we go to watch maple syruping?" Dorset is one place that offers a full day's program. It's an excellent spot to take children and everyone in our county should take time to enjoy one of our natural resources on display.

New members

Haliburton Highlands is developing into an artistic community at a rapid pace. We at the Chamber are pleased to welcome three more artists - Helen Newton, Seasons in Silk; Rickie Woods Pottery; Wendy Ladarauntye, Dreams Come True.

Coming events

March 9 to 30: Grandmother's Flower Garden, wooden quilts, on display at the Rails' End Gallery.

March 23: Flea Market, Haliburton Legion.

March 26: Rotary Bingo in Minden Community Centre.

March 30: Maple syrup day at Leslie Frost Centre.

The Haliburton County Fund raising effort in support of the CAT Scan fund is progressing well, according to co-ordinators

Jack MacDonald and Mabel Brannigan. According to the local organizers, some \$24,000 has been raised in the county in

support of the cause.

The campaign began with a very successful kick-off at the Royal Canadian Legion, Branch 129 in Haliburton on December 3. A community CAT Scan presentation was given to the area residents by a group from Peterborough central campaign committee. Over \$14,700 from private and service club donations was raised at this event. On December 15, the Kinsmen, Kinettes and K-40 in the Minden area donated over \$3000.

Donations from area residents can be made through the local banks in both Haliburton and Minden. The Bank of Montreal and the Canadian Imperial Bank of Commerce

in Haliburton as well as the Toronto-Dominion Bank and the Canadian Imperial Bank of Commerce in Minden are accepting CAT Scan donation.

CAT Scan canisters in the local stores are available as well as CAT Scan T-shirts. The shirts are on sale at the March Flea Market at the Legion Hall in Haliburton.

A CAT Scan dance is scheduled for March 23 at the Legion Hall in Haliburton with all proceeds to the Haliburton County campaign efforts.

Contact Mr. Jack MacDonald for information and requests for A/V presentations or assistance in setting up special fund raising events. His number is 457-2571.

Did you know?

by Bambi Gilder

Did you know ... that the year 1985 has been designated as International Youth Year?

Three guiding themes reflect the wide-ranging interests of young people around the world including: Participation, involving young people making decisions affecting their lives; Development, a process linking individual growth; and Peace, the building of mutual respect and understanding among people.

These three themes form the basis for funding projects provided through the Minister of State (Youth) and offers assistance to non-profit, voluntary organizations and

groups for projects designated to meet certain objectives. To find out if your organization qualifies, why not drop in to your County Information Centre today and pick up a brochure explaining the International Youth Year programs, and see about ways in which you/or your group can participate.

We offer a wide selection of pamphlets containing information on education, employment, drugs & alcohol, health, housing and government services. We are here to help people of all ages and we are a free and confidential service. Our office is open from 10:00 a.m. to 4:00 p.m., weekdays, and located in the Drag River Municipal Building in Haliburton.

Club skates to prize winning finish

Members of the Minden Figure Skating Club have amply demonstrated that their season of training has not been a wasted effort. The photograph at the right, shows the large contingent of skaters which represented the club in the annual inter-club competition in Lakefield recently.

The glittering array of trophies in the foreground and the large number of medallion-bedecked necks,

offers proof of their prowess. The contingent performed well enough to capture first place in the competition, sharing the top honour with the host Lakefield club.

The following competitors represented the Minden Figure Skating Club: Nadine Balcombe, Cori Barkwell, Janene Garbutt, Sheri Wesley,

Molly Suckling, Meaghan Obee, Danny Garbutt, Nancy Bird, Sara Mowat, Abby Burk, Dianne Garbutt, Jay Garbutt, Hunter Obee, Jenni Gentle, Sara Lee Henderson, Janna Obee, Julie Hall, Kelli Dollo, Tammy Pritchard, Misti Campbell, Christa Irwin and Lisa Carr.

These Minden skaters placed in the following

categories:

Pre-preliminary A: Cori Barkwell, first; Nadine Balcombe, second.

Pre-preliminary B: Sheri Wesley, second.

Preliminary men: Danny Garbutt, second.

Juvenile: Dianne Garbutt, first; Abby Burk, second.

Juvenile men: Jay Garbutt, first; Hunter Obee, second.

Preliminary mixed dance: Sara Mowat and Hunter Obee, second.

Juvenile mixed dance: Abby Burk and Jay Garbutt, first; Julie Hall and Hunter Obee, second.

Novice similar dance: Misti Campbell and Christa Irwin, second; Sara Lee Henderson and Tammy Pritchard, third.

Preliminary interpretative: Lisa Carr, first; Tammy Pritchard, third.

Club president, Penny Obee said the organization was extremely pleased and proud of the skaters' showing this year. She paid special tribute to the instructors, Jane Symond and Werna Blakey for their dedication and hard work during the year.

For other figure skating achievements, see photo below.

Minden Figure Skaters proudly display their Inter-club trophies and medallions.

Younger members of the Minden Figure Skating Club proved that they could cut it with the best of them during the recent Inter-club competition in Lakefield. These six youngsters skated in the pre-preliminary A and B divisions. Members of the junior contingent who attended the competition included Meaghan Obee, Molly Suckling, Sheri Wesley, Cori Barkwell, Nadine Balcombe and Janene Garbutt.

Back from a recent competition in North Bay, Lisa Carr and Sara Lee Henderson demonstrate their winning form in the Juvenile B ladies category. In the opening day of the competition Lisa placed second while Sara Lee was third. The pair then advanced to the finals the following day where Sara Lee placed sixth and Lisa ninth.

Bantams win semi finals

special report

The Haliburton Bantams are on their way to the All-Ontario Championships after defeating Ennismore 7-6 on Tuesday night.

The win completed a three game sweep of the best of five semi-finals.

The team also won their quarter finals against Wasaga Beach in three straight games.

Haliburton won the first game of the semi-finals in Ennismore on Saturday, March 16.

The win was a costly one, however, as the Huskies lost one of their star wingers. Jaro Cooper suffered a broken leg after being checked in front of the opposition net. Jaro went down in such a way to cause a fracture of his left leg.

The Huskies led 3-0 at the end of the first period. Alan Rydman started off the scoring with only one minute gone in the first period. Alan stick handled beautifully through a maze of players and pulled the Ennismore goalie out of his socks to deposit the puck in the net.

Jaro Cooper connected for the second goal at 11:14 of the first period, assisted by Erin Nicholls and Jeff Francis. Ron Perrin made it 3-0 at 9:54 of the first period on a pass from Jeff Francis.

The second period was only 41 seconds old when Erin Nicholls connected from Scott Russell. Ennismore scored two in a row to make it 4-2 before Erin

Nicholls increased the lead to 3, after receiving a pass from Ron Perrin.

Ennismore came back again with two goals to pull within one before the period ended.

Scott Russell scored at 11:42 of the third on a fine end to end rush to widen the margin to two goals but Ennismore scored again at 9:01 to narrow the spread to a single goal.

With 4:28 remaining Scott Russell scored again after receiving a relay pass from Jeff Warburton to finish out the scoring and secure Haliburton's 7-5 win.

The game was a rough affair with 58 minutes in penalties being called.

Gavin McKnight was between the pipes for Haliburton and the defensive unit of Drew Mitchell, Colin Hunter, Darren Byers and Ron Perrin played well.

On Sunday in Ennismore the Huskies trailed 2-0 after only 8 minutes of the first period. Drew Mitchell playing the right wing in place of Jaro Cooper reduced the deficit by one, assisted by Scott Russell. Colin Hunter tied the score at 12:07 of the second period assisted by Alan Rydman and Jeff Warburton.

The Huskies then displayed an awesome attack despite being subjected to some of the most questionable tactics seen all year. The Bantams scored 8 goals in a row.

The eight goal outburst unfolded like this: Perrin from Nicholls and Warburton; Nicholls from Francis and Mitchell; Francis from Nicholls and Mitchell; Russell from Warburton; Perrin unassisted; Perrin unassisted; Nicholls from Mitchell; Nicholls from Francis.

Ennismore scored one more at 2:34 of the third and Scott Russell finished off the scoring for Haliburton assisted by Gavin McKnight to finish the scoring. Haliburton won 11-3.

There was a total of 68 minutes in penalties called.

The Huskies combined good offensive and defensive skills for the win. The team was also playing as a

unit, wanting to win this game for their injured teammate, Jaro Cooper. As in the past when the Highland spirit takes hold, there is no equal.

Gavin McKnight played strongly as he turned aside 19 of 21 shots on goal.

A large crowd of hometown supporters was on hand at the Dysart arena on Tuesday night to see the bantams defeat Ennismore 7-6 in regulation time.

Erin Nicholls was the hero of the game scoring a hat trick in his team victory. Ron Perrin also made a strong contribution scoring two goals and adding an assist. Scott Russell and Jeff Warburton rounded out the scoring with one goal each.

Playground under scrutiny again

For the second time in less than a year, concerns have been expressed to Anson, Hindon and Minden council over the condition of the playground located adjacent to the Municipal Offices.

Carol Miles and Marg Graham attended the March 14 meeting of council on behalf of Minden Nursery Play to outline their concerns and make recommendations on improvements.

Council was told that depressions that have been created in the ground under the swings and at the bottom of the slides increase the danger of injury to children using the equipment.

The suggestion was made that a thick layer of sand be placed under the swings and at the end of the slide to cushion the impact when children land on the ground. It was also suggested that all nails that are protruding from the equipment should

be set properly or replaced.

Concerns over vandalism prompted the recommendation that streetlights be installed to illuminate the area.

Carol Miles told council members that the playground made it easier for families to shop in Minden because it allowed one parent to shop while the other parent stayed with the children at the playground. She suggested that signs should be erected on Main Street to provide directions to the playground for tourists.

She also noted that Minden Nursery Play was recommending that the park be named in honour of Ernie Warder in appreciation of her work with children.

Acting reeve Ed Pergolas thanked the delegation for their comments and suggestions and promised that the property committee would attend to the matter.

Clerk of the Corporation of the Township of Stanhope, R.R. 1
Haliburton, Ontario K0M 1S0.

Juveniles one game away from final

The Minden Monarch juveniles need only one more win to reach the All Ontario Finals after taking the first two games in the semi-final playoffs against Godfrey this past weekend.

In Godfrey on Saturday, March 16, the Monarchs came from behind to defeat the host club in overtime by a score of 6 - 4.

The opening game of the best of 5 series remained scoreless until the last minute of the first period when Godfrey went ahead 1 - 0. Halfway through the second period the Monarchs tied the game on a goal by Dennis McKee from Doug Schell and Boomer Stamp.

With less than four minutes left in the period, Godfrey regained the lead scoring a single goal. Early in the third period Godfrey scored two quick goals to take a 4 - 1 lead. A minute later Chris Laporte narrowed the gap scoring on a pass from Lenny Johnston and Jeff Howe.

With only seven minutes left in the game, the Monarchs suddenly came alive. It was, as coach Jerry Campbell commented later, "as if someone had turned on a switch". The turnaround came on a goal from Scott Hamilton with an assist from Bernie Upton.

With 3:18 remaining Boomer Stamp took a pass from Gord Wood and blasted in a shot to tie the score at 4 - 4 and force the game into overtime.

Minden continued to dominate the play in the overtime period. Bernie Upton scored the go-ahead goal on a pass from Scott Hamilton and Barry Boice

then, with only ten seconds left on the clock Chris Laporte scored his second goal of the game to assure the victory. Assists on the final goal went to captain Jeff Howe and Tim Wood.

In contrast to the evenly matched opening game of the series the second game played at Minden arena was dominated by the Monarchs from the opening face off.

Playing in front of a crowd of over 250 hometown supporters, the Monarchs skated to an easy 7 - 1 victory.

Lenny Johnston opened the scoring at the 9:36 mark of the first period knocking in a rebound over the Godfrey goalie. Assists went to Jeff Howe and Chris Laporte.

Eight seconds after the opening faceoff of the second period, Bernie Upton scored on a pass from Scott Hamilton and Boomer Stamp to give Minden a 2 - 0 lead.

Three minutes later, after the Monarchs had become bogged down in their own end, captain Jeff Howe took a pass from Chris Laporte and Lenny Johnston, carried the puck into the Godfrey zone and scored the Monarch's third goal.

Four minutes later Bernie Upton and Boomer Stamp relayed the puck to Scott Hamilton who skated around the Godfrey defence and snapped in goal number four.

At that point Godfrey switched goalies in an effort to stem the tide but the strategy made little difference. Five minutes later Boomer Stamp drifted in and snapped a shot past the

goaltender. Barry Boice picked up an assist on the play.

Monarch goalie Kevin Smith played his usual solid game in nets and was on his way to a shutout when late in the second period a Godfrey forward made a quick move from the face-off and put a shot past Kevin from point blank range. Aside from that single goal Godfrey was unable to mount a sustained offense in the face of aggressive fore-checking and solid work by the Monarch defence.

Less than a minute into the third period, Scott Hamilton took a pass from Tim Wood and drove a hard shot past the Godfrey netminder from just inside the blue line.

With 10:21 remaining in the game Chris Laporte grabbed a pass from Gord Wood and found the mark through a tangle of players in front of the net to give Minden a 7 - 1 lead and the game.

Unlike the quarter finals against Erin, this series has not been marred by the cheap shots and head-hunting tactics that was part of Erin's game plan. In Saturday's game Minden was assessed eight minors and Godfrey seven minor penalties.

On Sunday each team received only one minor penalty.

The third and possibly last game of the semi finals will be played in Godfrey on Saturday March 23 at 7 p.m. The team will be leaving by bus from Minden arena at 1 p.m. on Saturday. There will be a limited number of seats available to fans who want

Down but not out, Minden Monarch goalie Kevin Smith watches the action in the corner after blocking two quick shots in a semi final game played at Minden arena on Sunday. Kevin played another outstanding game as the Monarchs defeated Godfrey 7-1 to take a two game lead in the best of five series.

to travel with the team.

Anyone interested in taking the bus to the game should contact manager Bob Wells at 286-2186 or

team coach Jerry Campbell at 286-2701. If the Monarchs win the game they will advance to the All Ontario finals for the first time since 1978.

If a fourth game is necessary it will be played at Minden arena on Sunday, March 24 beginning at 4 p.m.

Pee Wees busy as season draws to close

As the hockey season nears completion the Minden Pee Wee teams are busier than ever.

The Minden 'A' team has played in four exhibition games since March 11, winning twice, tying one game and losing once.

The Minden Pee Wees 'B' team playing in the consolation round of the Tri-County League played three games in as many days losing two close contests and winning once decisive victory.

On Monday March 11 the Minden 'A' team defeated Haliburton 3-2 in a game that was free of penalties. Darren Sawyer, Kent Taylor and Randy Bull

scored a goal each in the win. Dave Lee picked up an assist.

Scoring for Haliburton were John Vuksic unassisted and Jason Billings from Shaun Perrin.

Minden Atom goalie Aaron Hie filled in for the absent Haliburton goalie.

On Thursday March 14 Minden hosted Oakwood and played to a three all tie. Oakwood then tied the score with only 1:24 remaining in the game. Scoring for Minden were Darren Sawyer and Kent Taylor unassisted.

On Monday March 17, Minden scored five unanswered goals in the last seven minutes of play to

defeat Bobcaygeon 7-5 at Minden arena.

Captain Kent Taylor picked up five goals and two assists in his team's come-from-behind victory. Aaron Hie rounded out the scoring with a pair of goals and an assist. Single assists went to Rob Ackerblade, Randy Bull and Hunter Obee.

On Monday March 18, Minden scored the last two goals of the game but were defeated 6-2 in Oakwood. Scoring for Minden were Kent Taylor from Hunter Obee and Joey Boyle from Kent Taylor.

The Minden Pee Wees 'B' team had two road trips and a home game in three days. The busy schedule

began on Saturday March 16 when the team lost 4-3 in Orono.

The 'B' team was ahead 3-2 with only four minutes left on the clock when Orono scored the tying goal on a power play when scored the winner with only 27 seconds left on the clock. Jason Scarlett scored all three goals for Minden on single assists from Mike Muli, Stephen Schrader and Justin Gentle.

On Sunday March 18, it was Minden's turn to host the Orono club and although Orono scored the first and last goals of the game Minden popped in six goals in between to take the victory.

Jason Scarlett and Derrick Moore led the way with a pair of goals each. Stephen Schrader with a goal and two assists and Justin Gentle with a goal and an assist completed the scoring.

On Monday March 18, Minden travelled to Ops and lost a heartbreaker 3-2. Ops held a 2-0 lead with only 4:23

remaining in the game when Justin Gentle scored an unassisted goal to narrow the gap. Two minutes later Ops went ahead by two on a power play goal but Minden bounced back when Derrick Moore scored with 46 seconds remaining.

However, the clock ran out before Minden could tie the game.

Fearrey will speak

by Katherine McMahon

The Haliburton County Home Support Services' Drop-In Centre started their spring activities this week. We invite all Seniors (55 years and over) and handicapped persons to attend.

The Coffee Hour speakers for next week are: Monday, March 27 - Murray Fearrey, Reeve, Municipality of Dysart et al, discussing current events at council. Wednesday, March 27, Derry Wilford, photographer. Coffee Hour starts at 10:00 a.m. to 11:30 a.m. Come out and join the

Fitness Walk, Tuesday and Friday mornings 10:00 - 11:30 a.m. Spring is happening here so let's step into summer fitter!!

Tuesday, March 26 afternoon movie will be "The Natural". Robert Redford stars in this 1984 movie about a baseball player.

We need volunteers to help transport Extencicare residents to the Coffee Hours. If you would like to help with this please call 457-2941 (Haliburton County Home Support Services).

We are open Monday to Friday 9:00 a.m. to 4:00 p.m. Drop in and visit us!

Rec finals begin

The Minden Men's Recreational League round robin playoffs ended on Monday March 18 when Hartwick Construction defeated Floyd Hall Insurance to capture second place in the standings, behind the undefeated Rockcliffe Foamblowers.

The Hartwick win broke a deadlock in the series with both teams tied at three wins apiece.

In other action this past week, Hall's was defeated 8-1 by the 'Blowers and Hartwick eliminated The Times winning the game by a score of 16-1 on Thursday.

In the first game played on Thursday night, Hartwick goalie Terry Crowe had a shutout going until midway through the

third period when Colin Wilson scored the lone Times goal on a pass from Ken Casey. At that point the Hartwick team already had a 13 point lead and the team went on to add three more points.

Rick Hartwick was the top gun for the winners with five goals. Leigh Bull picked up a hat trick and three assists. Greig Carpentier also knocked in three goals and added two assists.

Jeff Campbell figured in eight goals scoring once and adding seven assists. Other goal scorers were Murray Clark, a goal and two assists. Peter Pearson a goal and an assist, Rick Haulk a goal and an assist and Rick Mansfield a goal. Single assists went to Neil

Hutchison and Kevin Hamilton.

The 'Blowers victory over Hall's in the second game played Thursday night kept the team's unbeaten streak alive. Except for one tie during the season the 'Blowers have won every game they played.

Dave Hartwick and Charlie Berube were the top guns for the 'Blowers in Thursday's game scoring three goals apiece. Hartwick also contributed a pair of assists.

Other pointgetters were Jim McKelvey a goal and an assist, Brett Austin a goal, Sid McKeigan three assists and Wayne Johnson a single assist.

Joe Outram for the lone Hall's goal on an assist from

Joe Giles.

Final game

On Monday March 18, Hartwick defeated Hall's 6-1 to advance to the finals.

Kevin Hamilton led the way for the winners with three goals. Leigh Bull with two goals and a pair of

assists and Greig Carpentier a goal and an assist rounded out the scoring.

Single assists went to Rick Hartwick and Fraser Rogers.

Barry Walker was the lone goal scorer for Hall's with an unassisted goal.

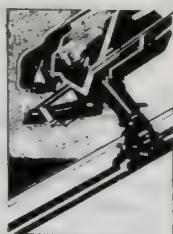

The final playoffs begin on Thursday March 21 at

Minden arena. Game time is 8 p.m.

The second game in the best of three series begins at 7:00 p.m. on Monday, March 25. Admission to the game is free.

HELP A STUDENT STEP INTO THE WORKING WORLD

AND WE'LL HELP FOOT THE BILL.

Announcing Challenge '85, the Ontario/Canada employment program that will help students put their best foot forward this summer, with valuable experience in the working world.

The Ontario/Canada Summer Employment element of Challenge '85 will help private business, municipalities, and non-profit organizations by paying wage subsidies to offset a substantial portion of the costs of hiring young people.

If you can provide a stepping stone, by offering productive work experience or on-the-job training related to career goals, take the first decisive step today.

As funds for this program are limited, we encourage you to apply early.

If you are a young person looking for work or assistance in starting your own summer business, we have programs for you. Should you have any questions or need more information, our program officers will be pleased to assist. For complete details of how you can benefit from the Challenge '85 program, call your local Employment Development Branch Office, Canada Employment Centre or the Ontario Youth Hotline at 1-800-263-7777.

Council representative Pat Burk receives the first copy of the cookbook "A Pinch of the Past" from Museum Committee chairman John Hulbig. Mrs. Burk complimented the committee on compiling the cookbook and mentioned especially the efforts of Jean Lacey in putting it together. The cookbook is now available to members of the public and information on purchasing same may be had from committee members.

Bylaw will regulate new culvert, driveway work

Anson, Hindon and Minden Council has passed a bylaw regulating the installation of culverts and driveways on municipal road allowances to service private properties.

New Echo owner

The ownership of the Haliburton County Echo, the only other community newspaper serving Haliburton County, has changed.

Last week editor Len Pizzev announced that he was the new owner.

Pizzev, who has served as the editor for seven years, purchased the newspaper from a group of Haliburton Village area businessmen. They had purchased the newspaper in 1979.

The bylaw was first tabled at the February 27 meeting of Council. Following the first reading Council was told by the Bylaw Enforcement Officer Dick Schell that driveways and culverts that have been improperly installed in the past have

created numerous problems because of unsafe conditions and flooding that resulted.

Council made several recommendations on the bylaw then decided to present it to the Roads Committee for further comment. The bylaw in an amended form was tabled again at the March 14 meeting of Council and after further amendments was passed.

Under the new bylaw any person wishing to construct a new entrance to a municipal roadway must complete an application to the municipality. Following an inspection of the site of the proposed entrance the Road Superintendent will make a written recommendation as to the suitability of

the proposed location and the specifications of the required culvert and other materials necessary to properly complete the entrance.

The owner or contractor must request, prior to back-filling the entrance, that the Road Superintendent conduct a final inspection of the site and advise the owner or contractor of any

deficiencies.

If the applicant or contractor fails to rectify the deficiencies within 14 days from the date of notification the municipality may rectify the deficiencies. The owner will be responsible for the costs of upgrading the site.

Failure to pay for the costs incurred by the municipality will result in a fine under the Municipal Act.

The Minden Rotary Club recently paid tribute to the many volunteers and participants from outside the club who helped to make the annual Snowarama for Easter Seals a great success. The evening included a number of presentations and awards. Included in those who were honoured were, back row from the left, Phil Graham and Paul Dillon volunteers from the Haliburton County Amateur Radio Club; Norm Gemmell of the Haliburton County Snowmobile Association; Chris Seedhouse, the youngest driver in the event; 1985 Snowarama organizer Steve Berry; Ken Fielding of Dixie Lee and Tom Prentice representing HCSA. Award winners in the front row included Del Taylor who brought in the greatest amount in cash pledges, \$1879; Max Witty the oldest participant; Rotary Club President Paul Sisson and Bill Seedhouse, who gathered the greatest number of pledges \$6500. Del Taylor and Bill Seedhouse also received Heritage Awards from the municipality's acting reeve Ed Pergolas. He cited their continuing support for the Minden Snowarama as an important contribution to the efforts of the local community and Rotary Club.

Call 286-1288 — 9 a.m. - 4 p.m

Saturday, March 16 saw a large gathering at Hyland Crest to help Angus Coulter celebrate his 87th birthday. Some of the visitors attending the Open House in his honour came from Sundridge, Huntsville, Bracebridge, Kirkfield, Kinmount and Ottawa as well as many local friends and relatives. May we join all of these people in wishing you many, many happy returns Mr. Coulter.

Other birthdays at Hyland Crest this month (March) were Ada MacBrien, Catherine Teasdale, Alfred Richardson, Ralph Daniel and Victor MacBrien. We hope all of them had or have very happy days.

An Easter Cantata entitled "The Long Journey" will be presented by Zion United Church choir on Friday, April 5 at 9:30 a.m. in Zion United Church and can also be enjoyed at 7:30 p.m. in Lochlin United Church. This will be a presentation in music and narrative and everyone is welcome.

The Annual Red Cross dinner meeting will be held at the Curling Club in Minden on Wednesday, March 27. Tickets may be obtained from Paul Heffer at the IDA Drug Store on Main Street.

Recent visitors with Phil and Florence Robinson were Grace and Ern Voycey of Gamebridge and Walter Barrett of Beaverton.

Happy to see the HHSS students home safely from their spring break sojourn to Mexico. Glad to hear you had a great time!

If you like money - don't miss attending Rotary's next bingo night at the Community Centre on March 26.

Public speaking contests for grades 4-8 will be held at the Legion at 7:30 p.m. on Thursday. The winners will go on to the semi-finals in Fenelon Falls.

Club 35 card party winners on Monday evening were - most lone hands Myrna McCarthy, high lady Velda Harrison and high man was Ken Campbell. The door prize went to Art Verbaan while other winners for the evening were Harold Mercer, Eleanor Bunker and Mary Stevenson (no doubt showing Alex how to play cards again!)

Visiting with Jeanne and Milt Sears last week were the Paul Warburtons from Scarborough.

The first winners at the Thursday afternoon card party for the Museum were lone hands Freda Harrison and others, Joyce Hewitt, Lil Porter, Sid Rowe and Jack Weekes.

We understand the museum cookbooks "A Pinch of the Past" are now

available. Contact any member of the museum committee for more information.

Don't forget the Glad Tidings Gospel Singers, directed by Jock Mavor, who will be at Carnarvon United Church on March 24 at 7 p.m. There will be instrumental selections, hymn sing and message.

Sincere sympathy to the family and friends of Al Hodgins who passed away March 16.

senior league

by Bert Harrison

Dear readers, A lot of things are happening here at Hyland Crest. To tell you all about it I'll do my very best.

Della Curry's family came, stayed with her to

dine. Ada Allcorn had her sister Mary, brother Sinclair and wife too. Others had company come to call. It is

so hard to keep track of all.

Annie Cox had a phone call from her son Loyne in Florida, it was his birthday.

He and his wife are having a nice holiday while they are away. Annie Cox has some of her family call every

single day. Angus Coulter had a birthday too, on this tenth of March day. Just how many years I'd better

not say. Angus works six days a week, making old furniture like new. If he had to quit his job, I don't know what he'd do.

Rev. Burgess took his message from the First book of Psalms Sunday night. "Blessed is the man who walketh not in the counsel of the ungodly, nor standeth in the way of sinners, nor sitteth in the seat of the scornful, but his delight is in the law of the Lord, and in this he doth meditate both day and night."

Monday morning down at "Fun and Fitness", it was so nice to have Fern Donnelly back with us again. She hadn't been here since I don't know when. Earl and Alice Langton came to Hyland Crest this eleventh March day, stayed and had lunch with Lola Prentice, before they went away.

We went down to the auditorium Monday night to watch the Boy Scouts in training. This is very good for them, much knowledge they are gaining.

Teddy Carr has had a real bad dose of 'flu. But as we write this letter, it's leaving the hold on him and he is getting better.

Tuesday morning Rev. George Elliott of Minden Anglican Church conducted a communion service in the chapel this twelfth of March day, we thank you both for coming. Fred Ballard came

the music to play. Linda showed us two movies Tues-

day afternoon, which was enjoyed by all. "An Island Observed", and "Asia Landfall". Jackie Hamilton, who

used to work here, would like to be remembered to all here.

Do you think these nice sunshine days have helped to chase the 'flu away?

The games we play down at "Fun and Fitness" are

always real good. Wednesday morning knocking down the bowling pins was won by Millie Wood. Our musicians came on Wednes-

day night. Kathy Owens and Earl Cooper. They sure know how to entertain - a

pair of real troopers. With Kathy on the piano keys and Earl on the fiddle, the music is just grand. "It's bow to your partner and take her by the hand". Then Kathy plays the accordion and sings some good old hymns. Just how to thank them I wouldn't know how to begin. Thursday afternoon, the ladies of the Haliburton Baptist Church came down

to Hyland Crest, brought and served a lovely lunch and were our special guests. Then Doris played for a 'sing along', all singing with a will, like the birds on the treetops "On Mockingbird Hill".

I just received a letter with a copy of 'The Haliburton County Home Support Program'. They are doing a real fine job, please help them all

you can. Grace Coburn is back with us today, after getting real bruised from a

bad fall. Fred Ballard came the music to play, we had a social time together this fifteenth of March day.

The Auxiliary had their card party Friday night, and I guess, from the number of people who came to play, it was a real success.

For St. Patrick's Day - Father & Mother were Irish

And I was Irish too. We kept the pig in the parlour And fed him on Irish stew.

kid's korner

by Jean Lacey

Q: What water never freezes?

A: Hot water.

Q: What gets bigger the more you take from it?

A: A hole in the ground.

Q: How do you keep food on an empty stomach?

A: Bolt it down.

Q: Who ate the first apple?

A: The first pair.

Q: Why are bookkeepers like hens?

A: Because they have to scratch for a living.

Solcan: Harnessing the sun's energy... in a new way

With the cost of energy 200% higher than it was five years ago and rising at a staggering rate of 20% each year, the need to invest in alternative sources of energy is vital. A Solcan hot water system will heat over 50% of your water - **FREE!**

The Solcan domestic hot water system is the result of years of solar research and development. It is designed for simplicity and performance. The system can be subjected to severe freezing conditions without any problems. The components have been selected and prepackaged to optimize the efficiency of the system. All components are factory tested to ensure quality control. The Solcan domestic hot water

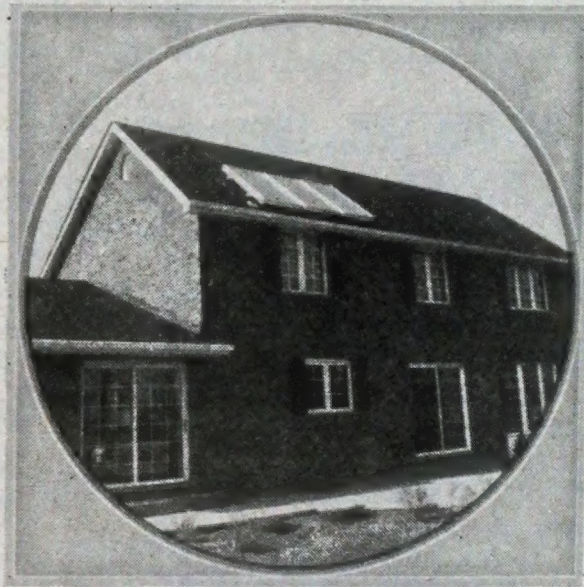

system can be adapted to supplement any conventional hot water tank.

Features of Solcan System

- * Cost effective
- * Free energy now and in the future
- * No operation costs
- * Protection against rising energy costs
- * Large long term savings
- * Simplicity
- * Low maintenance
- * High efficiency
- * Three year warranty
- * Prompt service
- * Your home will have a higher resale value as conventional energy prices increase

CARD OF THANKS

We wish to thank our family, Doug and Joanne, Linda and Bernie, Marnie and Mike, Bob and Susan, Ronnie and Marlene, Dorothy Anne and Bill for the very nice surprise party for our 35th wedding anniversary which was held at Doug and Joanne's new home in McKayville. Also for the lovely large portrait of our 6 children which we will cherish always. Also, thanks to our friends from Toronto, Pat McNicol, Vankoughnet, Orillia, Owen Sound, Minden and the Martin Brothers from Buckslide Road for their nice gifts. Thanks again.
Dorothy & Ron Robinson

CARD OF THANKS

Angus Coulter wishes to thank everyone who helped make his 87th birthday a very special one.

Jim & Linda Hamilton would like to express our sincere thanks to our family, friends and neighbours for making our 25th Wedding Anniversary a most memorable occasion. The cards, gifts and personal best wishes were greatly appreciated. Also, a special thanks to our family and friends who made and served a delicious lunch.

AT REST

HODGINS AL

(retired from Bell Canada) - at the Peterborough Civic Hospital on Saturday, March 16, 1985 in his 85th year. Beloved husband of Irene; dear father of Pamela Turton of Oakville and Lynne Dunbar of Toronto; fondly remembered by his grandchildren; and loving brother of Margaret Dodd, James Hodgins and Ethel Clements. Resting at the Gordon A. Monk Funeral Home, Minden, from 2:00 p.m. Monday until 11:00 a.m. Tuesday, March 19, thence to Zion United Church in Carnarvon for funeral service at 2:00 p.m. Spring interment at Twelve Mile Lake Cemetery. Memorial donations to the Diabetic Association would be appreciated by the family.

IN MEMORIAM

CURRAH - Alvin. In loving memory of a dear and wonderful husband and Dad who passed away March 22, 1978.

"Whom God called Home To suffer no more".

Sadly missed by his wife Mary and sons Jackie and Rennie.

NOTICE TO CREDITORS AND OTHERS
